### THE MORE COMPETITION THE BETTER.

N order to protect itself from faucied competition, the Oregon Gas and Electric Company has appealed to the state railroad commission to head off, if possible a competing public utility from being granted a franchise.

The company claims that it is losing money in Medford and takes a crack at the city, as if the city was to blame for its own mis-management. It says the city has lost population and that in its opinion, a competing franchise would be almost a crime.

If the Oregon Gas and Electric Company, which by the way is a branch of the California gas trust organized to milk Oregon towns for the benefit of non-residents, have promoters, it did not have a self-sustaining patronage and Friday evening, beginning at 8 the whole crowd shifting from foot adaptability to her serious task. its policy of antagonizing everyone it did business with, o'clock. No Billiousness, Headache, Sick, Som Stomach, Indigestion, Coated Tongue or Constipation

Furred tongue, bad taste, indiges ton, sallow skin and miserable head aches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery -indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep-a 10cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children-their little insides need a good, gentle cleans ing, too.
